All essential oils are blended with golden jojoba oil and are safe to wear on the skin. For external use only. Keep out of reach of children. Not to be used during pregnancy. Do not use in or near the eyes. Do not use oils in ears or genital areas. Discontinue use if any irritation or discomfort occurs. All listed oils can be worn as natural perfumes or colognes, and have therapeutic and/or medicinal uses. All listed oils can be used in an oil diffuser, oil burner or potpourri as room deodorizers.

Essential Oils ~ Descriptions and Uses

Alaska Cottonwood Bud Oil (*Populus balsamifera*) is lovingly wildcrafted from Alaska's forests, and glacial valleys. The plant is a woody, invasive tree that has been used by indigenous peoples across the globe for centuries for its pain relieving, anti-inflammatory and skin healing properties. It has the sweet smell of springtime in Alaska. An infusion of female leaf buds in Golden Jojoba. Used to relieve sore joints, muscular aches and pains, cracked dry skin and hair, burns, bruises. Avoid if allergic to aspirin.

Alaska Devil's Club Massage Oil (*Oplopanax horridus*) is lovingly wildcrafted from Alaska's forests, and glacial valleys. The plant is a woody, thorny shrub in the Ginseng family that has been used by Alaska's indigenous people for centuries. It has a fresh, crisp, green herbaceous scent. It is used to relieve sore joints, muscular aches and pains, and to promote circulation. An infusion of the fresh, upper bark in expeller-pressed Sweet Almond Oil and Golden Jojoba. Use as a massage oil. Avoid if allergic to almonds.

Alaska Willow Pain Relieving Massage Oil (*Salix alaxensis*) is lovingly wildcrafted from Alaska's forests and glacial valleys. The plant is a woody, shrub that has been used by indigenous peoples across the globe for centuries for its pain relieving and anti-inflammatory properties - nature's aspirin. It has a fresh, green scent. It is used to relieve sore joints, muscular aches and pains. An infusion of the fresh, upper bark in Sweet Almond Oil and Golden Jojoba. Use as a massage oil. Avoid if allergic to aspirin or almonds.

Alaska Rose Water (*Rosa nutkana*) is lovingly wildcrafted from Alaska's glacial valleys. It is steam distilled from the aromatic wild petals using naturally calved glacial ice and is used as a facial spritzer to rejuvenate and moisturize the skin. It has a refreshing, cool, floral aroma. A distillation of the aromatic wild rose petals in spring water. Use as a facial spritzer.

Brown Amber (*Liquidamber orientalis*) is a natural crystallized tree resin from Tunisia with a warm, slightly spicy, vanillalike scent. It has a calming effect on the body.
